# E-PreS Objectives

- The main goal is the design and evaluation of drills and exercises that are an extremely important part of emergencies mitigation.
- The main objectives of the project are:
  1. Identify, share and implement **best practices** and methodologies gained from previous EU projects and partners activities,
  2. Create **smart tools** which define, simulate and evaluate all hazards emergency steps and be customized to the unique district, school, and campus,
  3. Involve the **collaboration of interested parties** and
  4. Include **pupils with disabilities and special needs**.

# E-PreS Results

- Facilitating the drill preparations and checklist for developing an evacuation plan by determining what steps need to be taken and in what order.
- Testing the total emergency response plan as a "simulated" exercise.
- Increasing the effectiveness and functioning of prevention plan.
